## FOGGY DAY SCHEDULES

Dear Parents,

Foggy weather will soon be upon us again, necessitating that we operate under foggy day schedules. On days when a foggy day schedule is in effect, classes will start at the regular time for those students who walk or are driven to school by their parents. However, students who ride the bus will not be picked up until either two (2) or three (3) hours later than usual, depending upon the fog. During really severe fog, the morning bus runs may be cancelled altogether; but the buses will always take students home in the afternoon.

To determine whether Pacific Union is on a foggy day schedule, you may watch television Channel 18.

If Pacific Union is on a foggy day schedule, you will see one of the following:

PACIFIC UNION - PLAN A (This indicates a **two hour** bus delay.)

PACIFIC UNION - PLAN B (This indicates a **three hour** bus delay.)

PACIFIC UNION - PLAN C (This indicates that the a.m. buses are **cancelled**.)

Attached is a flier that was developed to assist you and your child to remember the time at which the school bus will pick your child up when Pacific Union School is on a foggy day schedule.

With this flier handy, your child should be able to determine when the bus will arrive to take him/her to school on foggy days. Please ask your child to either watch television Channel 18, then to consult the flier, rather than calling the school.

Should you have any questions about foggy day schedules, please call the school office (834-2533).

Sincerely,

Annette S. Machado  
Superintendent/Principal
